ECE TYPE-APPROVAL CERTIFICATE

Communication concerning:² Approval granted
~~Approval extended~~
~~Approval refused~~
~~Approval withdrawn~~
~~Production definitively discontinued~~

Of a type of rear under run protective device (RUPD) pursuant to Regulation No. 58

Approval No: E24*58R03/00*0124*00

Reason for extension:

- N/A

1. Trade name or mark of the device: **ASPÖCK SYSTEMS resp.**
2. Type of device: **ARB4**
Version(s): **(Four) A, B, C, D**
General Commercial description: **Aspöck Rear Bumper 4**
3. Name and address of manufacturer: **Aspöck Systems GmbH
Enzing, 4
AT-4722 Peuerbach**
4. If applicable, name and address of manufacturer's representative: **N/A**
5. Characteristics of the device (dimensions and its fixing elements): **See test report IT19/1813 - 00
and accompanying manufacturer's
information document for details**
6. Test conducted on a vehicle/on a representative part of the chassis of a vehicle²: **on a representative part of the chassis
of a vehicle:**
7. Position on the device of the points of application of the test forces: **See test report IT19/1813 - 00
and accompanying manufacturer's
information document for details
points.**
8. Maximum horizontal and vertical deflection observed during and after the application of the test forces in Annex 5 : **See test report IT19/1813 - 00
and accompanying manufacturer's
information document for details**

Approval No: E24*58R03/00*0124*00

9. Restrictions on application

Vehicles on which the device may be installed (if applicable):

*See test report IT19/1813 - 00
and accompanying manufacturer's
information document for details*

Characteristics of the chassis to which the device
may be installed (e.g. stiffness, profile dimensions, ...)
(if applicable):

*See test report IT19/1813 - 00
and accompanying manufacturer's
information document for details*

10. Maximum mass of vehicle on which the device may be
installed:

*Without limit, device tested with maximum
loads.*

11. Device submitted for approval on:

06.11.2019

12. Technical Service responsible for conducting
approval tests:

*FAKT S.r.l.
Via Lithos, 53
IT-25086 Rezzato (BS)*

13. Date of report issued by that service:

06.11.2019

14. Number of report issued by that service:

IT19/1813 - 00

15. Approval has been granted/~~refused/extended/withdrawn~~
in respect of the RUPD:²

Granted.

16. Position of approval mark on the device:

*Adhesive label on left side of underrun
protection device*

17. Place:

Dublin.

18. Date:

15th November, 2019

19. Signature:

20. The following documents, bearing the approval number shown above are available upon request:

- Drawings, diagrams and layout plans of the components of the structure considered to be of importance for the purpose of this Regulation;
- Where applicable, drawings of the protective devices and their position on the vehicle.

¹ Distinguishing number of the country which has granted/extended/refused/withdrawn approval (see provisions in the Regulation).

² Strike out what does not apply.

Appendix: Additional conditions, and advisory notes on legal alternatives

A: Additional conditions:

1. The attached technical report, with any of its attachments, forms part of this Type Approval certificate.
2. Each device from series production shall be to the measurements specified in the attached drawings, and shall be manufactured only from the materials specified in the Approval documents.
3. Changes in the type are permitted only with the explicit permission of NSAI. Breaches of this requirement will lead to a withdrawal of the Type Approval, and in addition may be subject to criminal prosecution.
4. At regular intervals, any tests or associated checks prescribed by the applicable legislation to verify continued conformity with the approved type shall be carried out. The manufacturer shall demonstrate compliance with this by submitting to NSAI evidence of adequate arrangements and documented control plans for each type approved.
5. Any set of samples or test pieces showing evidence of non-conformity shall give rise to further sampling and testing and all steps shall be taken to restore conformity of production.
6. This Type Approval will expire when it is surrendered by the holder, or withdrawn by NSAI, or when the approved type no longer conforms to legal requirements. The recall of the Type Approval can be issued by NSAI when the conditions required for the issuing or continuation of the Type Approval are no longer current, or when the Approval holder is in breach of the duties attached to the Type Approval, or when it is established that the approved type no longer meets the requirements of traffic safety.
7. Changes in the company name, address or manufacturing site, as well as in any of the sales or other agents specified in the issuing of the approval must immediately be notified to NSAI.
8. The duties imposed by the issuing of this certificate are not transferable. The legal protection of third parties is not affected by this certificate.
9. When the manufacture or sale of the system, component or separate technical unit has not been started within one year of the date of issue of this certificate, then NSAI is to be informed. This requirement also applies when the manufacture or sale has been halted for more than one year, or when it ought to have been halted for more than one year. The initial commencement of manufacture or sale, or the resumption of manufacture or sale, shall then be notified to NSAI within one month of commencement or resumption.

B: Legal Options:

Any objection to the requirements set out in this certificate shall be made within one month of the date of issue. The objection shall be made, in writing, to NSAI in Dublin.
